June has come and gone and the last few weeks have finally seen **Winter** arrive with some lovely sunny days but cold nights and mornings. *Good sleeping weather.* The Village has been a hive of activity as we all prepare for the Heritage Day 22nd July. ***Remember to put this date on your Calendar and to spread the word about this event.***

PS: any members who wish to be part of the day's festivities are welcome to come along and spend some time spreading the word about our Club. We would encourage you to dress the part, not essential but it would add to the atmosphere.

A few of our Members have been working on recording information on several of the Original Settlers/Landholders from this area. Many of the descendants from these families still live here. These families established farms and businesses that helped to make our area a thriving town back then and so many of our Landmarks, Streets, Parks pay tribute to these Pioneers. We are going to showcase several of these families on Heritage Day and hope that people may recognise the names and come by to see us at the Club and share their stories with us. It is also hoped that some may wish to join our Club and continue their research. Also much of this research will form the basis of our 'Founding Families' project.

A few of the families we have already managed to gather basic info about.
Some who are our Members own families.

Matthew Battersby, Andrew Bleakley, Jonathan Carseldine, John Gregory Dobson, William Harvey Payne, Daniel John Collins, William Freeman, James Grant, William Goodwin Geddes, James Page, William Stevenson, Thomas Martin Tripcony, William Laver, Claudius Buchanan Whish, J W Zillman, J L Zillman.

Many of the names/families on this list are intertwined via marriage. Some were land owners but did not occupy the land. We are aware that there may be names not on our list that should be there, but we needed a starting point. If you have a Family History in this area please put forward your FAMILY/ NAME and help us with our research. Or join us on the day and bring your Family History with you to share.

We are also look for original PHOTOS that we can scan and add to our display on the day.

On Heritage Day we will have several large boards placed around the Village featuring some of the Families as a way of encouraging visitors to come and share their story or to come and seek more info about those we have displayed.

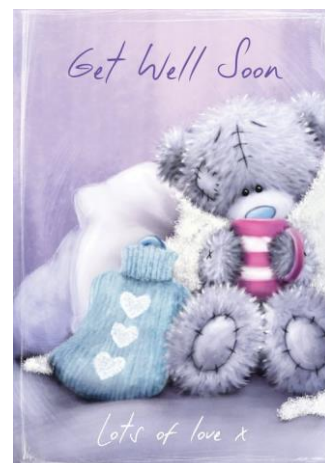

I would like to take this opportunity to ask Members what they would like to see in future Newsletters and also an idea of how they would like to see our Club continue into the future. At the moment we have around 14/15 members who attend the Club room on a regular basis, sometimes just for a chat and a catch up, some to continue their research and help others. Over the last few weeks we have been working with the Village to freshen up our Club Building. Some new signs have been put up and others moved to a more visible position. The inside of our Club Rooms have been given a bit of a makeover and we hope to do more over the next few months. This Club has gone through many changes since it's humble beginnings around a Kitchen Table. The move to the Historical Village has in many ways isolated us from the general public and the visible presence that we had in the Old Fire Station, but we need to continue to work at promoting our Club if we want it to continue. Fundraising is a big part of what we need to look at as our ongoing costs are beginning to out strip our income. Each year we need to cover the costs of, Phone, Power, Insurance, Our Lease and general running costs. If we can increase our Membership or hold some fundraising events it would go a long way to increasing our income.

SUGGESTIONS WELCOME
